CHARACTER SET

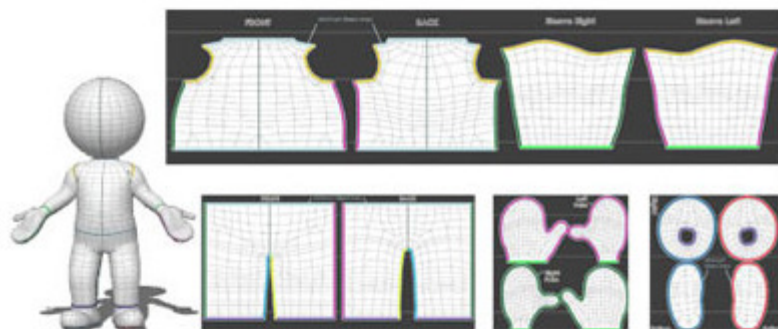

ACCESSORY KIT

2 Major body types

This pack includes two figurines each with its own different body type. Both body types are fully rigged and ready to be posed or animated as you wish.

Easy to customize Textures and Materials

The template material maps enable users to make their own materials. These template maps allow you to create a unique spokesperson for any company, product or particular event.

41 Poses and Animation Ready

The pack comes with 41 poses that can be used right away. Users can also opt to pose freely, giving any designer the flexibility he/she or she needs to work on any production.

Mr. Pose also uses standard iClone character animation which gives you unlimited control over motion creation.

27 Materials

The pack includes various materials for you to apply directly and interchange quickly. Materials such as; Porcelain, Metal, Marble, Crystal, Frosted Glass, etc...

Numerous Identity Accessories

42 Accessories are also included to help you quickly give your 3D Person any particular identity. Use and combine these accessories to create a unique spokesperson in a matter of minutes.

Business Tools

Additionally, you will find 33 extra tools for use in business presentations. Create presentations and reports by using Bar Charts, Pie Charts, and Clipping Paths. You may even use Symbols & Text Bubbles with your commercial slogan, to make an outstanding new design.
